Class Highlights

Model Training

Rooted in professional runway and performance techniques, model training develops confidence, posture, discipline, and stage presence. Students gain real-world skills used in fashion shows, competitions, and public performance.

Tie- Dye Workshop

Inspired by centuries-old textile art, tie-dye combines creativity, color, and self-expression through hands-on design. Students create unique wearable pieces while exploring fashion and artistic individuality.

Photoshoot

Professional photoshoots introduce students to posing, camera awareness, and creative direction used throughout the fashion industry. Students learn how to express confidence and personality in front of the camera.

Beauty & Makeup

Beauty and makeup artistry have long been essential parts of fashion and self-presentation. Students explore styling techniques that enhance professionalism, confidence, and personal creativity.

Success Spotlight

Real graduates. Real careers. Real results.

Annual Fashion Show

Produce high-profile runway shows where students gain real stage presence, confidence, and industry-level experience.

Community Service

Using performance and fashion to serve, inspire, and bring the community together.

Non-Profit Program

Giving back through volunteer events and community programs that help students grow while creating positive impact.

Competition

Competing in major modeling competitions and consistently earning top placements and championship titles.

Our Competitive Advantage

A unique boutique camp experience that combines confidence-building, fashion, creativity, cultural arts, and professional runway training in a fun and inspiring environment.

Through this program, children receive posture and confidence training to develop their physical presence and self-expression. They are encouraged to think creatively through design projects and will have the opportunity to bring their ideas to life by creating their own work by hand.

In addition, we provide a stage where children can confidently showcase what they have learned and created. The program culminates in a meaningful presentation experience allowing them to celebrate their growth, creativity and accomplishments with family and friends.

Students gain access to professional industry resources, photoshoots, fashion events, runway opportunities, and a supportive creative community. Our goal is to help each child build confidence, express their individuality, and discover their potential both on and off the stage.

Join the Next Generation

Enrollment is now open for our upcoming camp. Students will explore runway, fashion styling, photoshoots, and creative expression in a fun, supportive environment.

Specialized Training

Commercial, fashion, and social media modeling paths tailored to your goals.

Build Their Spark

A camp designed to help students discover their personality, creativity, and stage confidence.

Limited Cohort Size

Small class sizes ensure personalized attention and real results.

BAModel
Be Ambitious. Be Amazing. Be You
By BingStudio — Since 2014

*BAModel Academy
since 2014.*

The new chapter of BAModel Academy in San Diego is dedicated to nurturing confidence, cultivating elegant and upright posture, and elevating each student's sense of aesthetics. Through professional training and thoughtful guidance, we empower our students to express themselves with poise, grace, and individuality, helping them grow not only as models, but as confident and refined individuals.
